

# Laser Sheet Cutting

Up to 8' x 20' Sheet, up to 2 1/4" Thickness (60mm)

High-tech laser technology, Steel / Aluminum / Copper / Stainless Steel

## Industries We Serve:

- All Types of Manufacturing
- Steel Fabrication
- Oil and Gas
- Pre-engineered Buildings
- Construction
- Institutional Buildings
- Agricultural Equipment
- Home Appliances/Car Manufacturing

- Cost-effective steel parts, tailored to your needs
- Delivering the most precise tolerances
- Suitable for cutting intricate parts
- Ensuring minimal scrap and consistent repeatability
