

## CUSTOM FABRICATION & SERVICES

Sometimes you have to customize the rack to make your products fit. We can build storage solutions for heavy, bulky or odd-shaped products. We can turn wasted space into valuable storage space with a custom size rack. Let us work with you to implement effective, safe storage solutions.

### OTHER SERVICES:

- Custom design services
- Installation services
- System modifications, rack repair & rack reinforcement
- Moving and relocation of current racking systems
- Safety audits and racking inspections
- Custom steelwork and fabrication services
